## Important Information Regarding Your Training Transcript Effective Immediately!

It is vital that all transcripts contain all of an individual's completed **DCF** state mandated child care training.

With the proposed rule changes, **beginning October 1, 2010, DCF will no longer recognize training that is not documented on an individual's training transcript.**

**No exceptions will be granted. If the training is not on the transcript by October 1, 2010, the individual must complete any training not on the transcript.**
